NOV 03 2010

Ms. Deb C. Branwell  
Town Manager  
Town of Orchid  
7707 US Highway 1, Suite 3  
Vero Beach, FL 32967

Dear Deb:

Please be advised that the County recently received a copy of the Town of Orchid's annexation report for the proposed annexation of Marsh Island.

After review of the report, County staff determined that the Marsh Island annexation will not affect the county's provision of services to the proposed annexation area. Currently, the County provides water, sewer, and fire/rescue service to both the Town of Orchid and Marsh Island. That will not change with the Marsh Island annexation.

For the reasons stated above, the county has no comments on the Town's proposed annexation of Marsh Island. If any questions arise regarding this matter, please do not hesitate to contact me.

Sincerely,

Robert M. Keating, AICP  
Director, Community Development Department
